Gemini Offshore Wind Farm

Some key facts

Service Operating Vessel illustrative example

Gemini Offshore Wind Farm

Some key facts

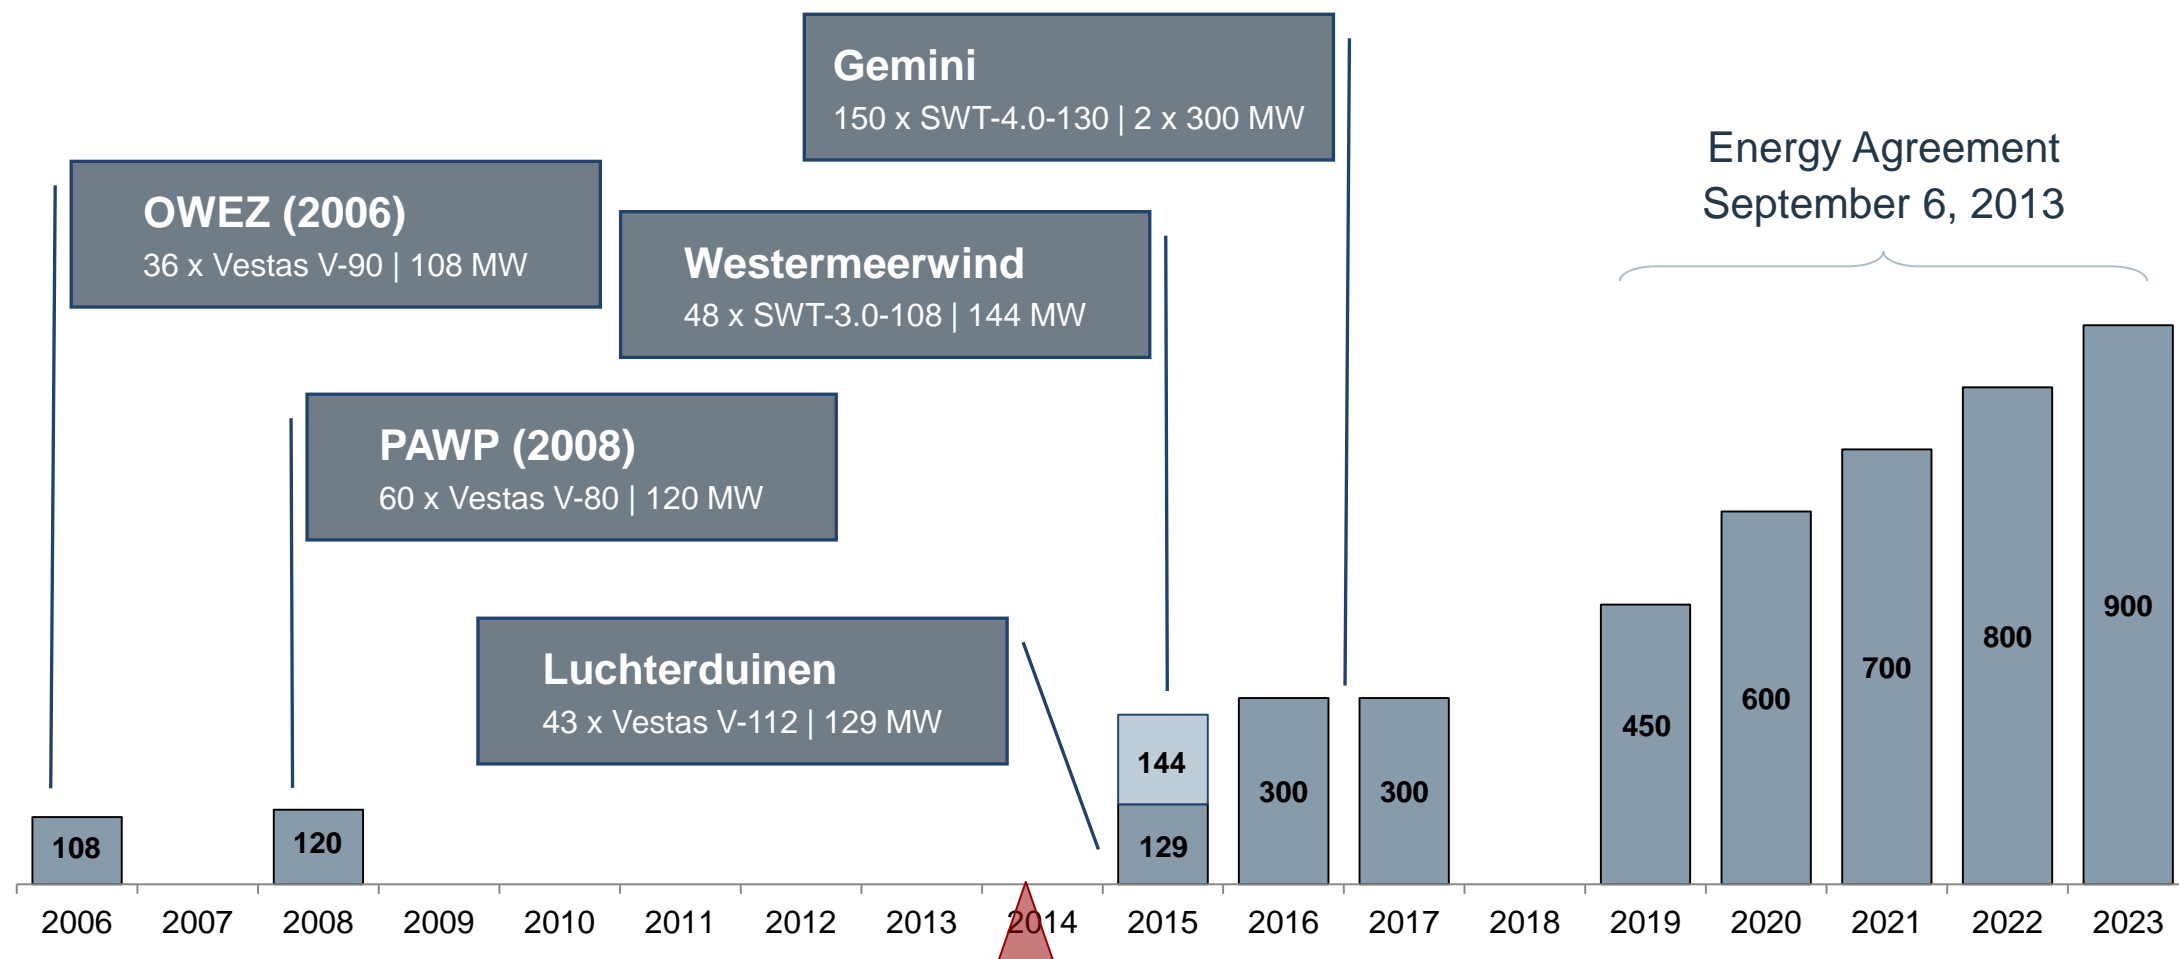

Dropping of a service team @ Greater Gabbard

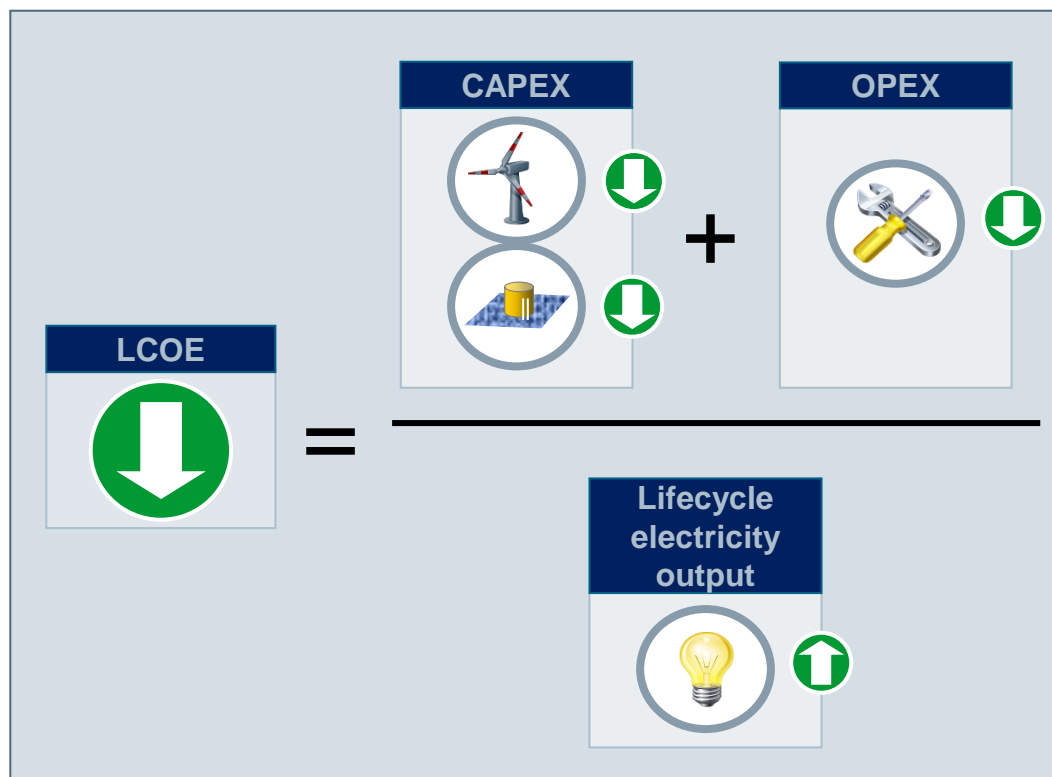

“Pushing On” with a CTV at Baltic 1

Gemini is the first project in a series

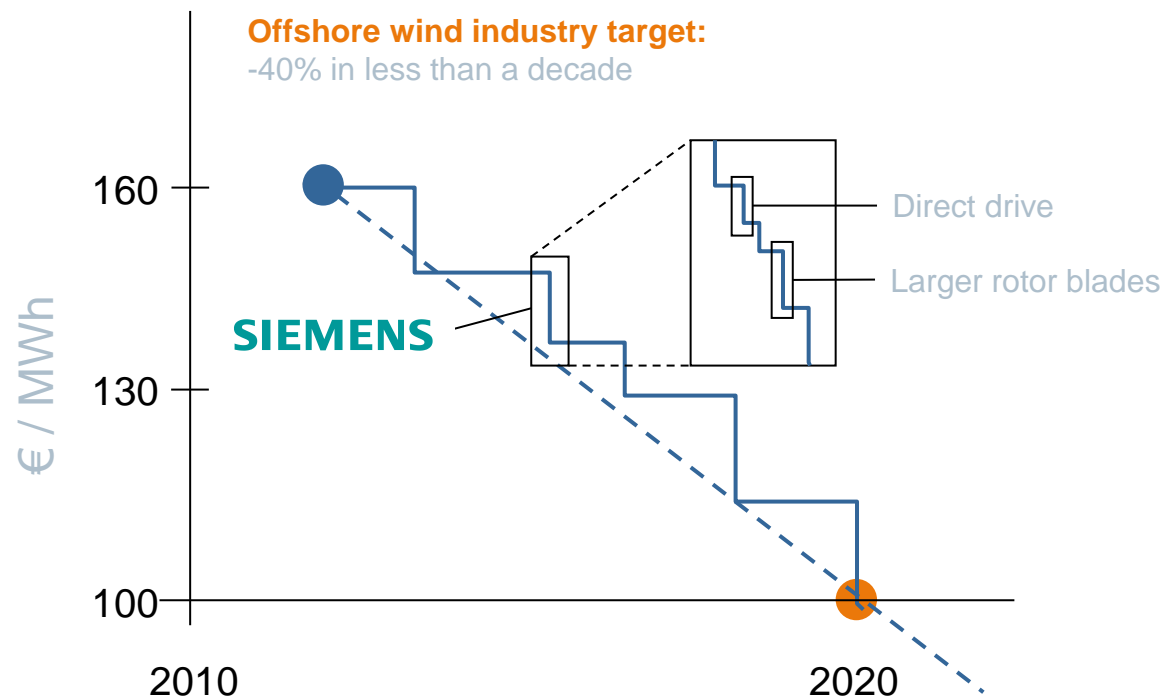

... provided that the cost will be cut by EUR 5 per MWh

Primary target: 40% by 2020*)

*) <http://www.nwea.nl/greendeal>

... so we must make it a success. Together!

Finally, how to become a Siemens supplier?

Basiskwalificaties leveranciers

- Registratie en toetsing ('click4supplier easy')
- Gedragscode voor Siemens leveranciers

Certificaten:

- ISO9001, ISO14001, VCA* (of vergelijkbaar)
- Medewerkers vereiste certificaten; leidinggevenden VCA VOL

Projectspecifieke eisen:

- QHSE en documentatierichtlijnen
- Monitoring 24/7, Service uitvoering 12/7

Thank you for your attention!

Questions?

WVY 2

Jaren werk door windpark

My question to you:

How to we make sure that we can hire the required number of technicians
