

# WINDFORCE Conference 2018

## Germany's most important Offshore Wind Energy Conference

15 – 16 MAY 2018: **Welcome to Bremerhaven**

Our WINDFORCE Conference 2018 attracts high-level speakers of the national and international offshore wind industry. In interactive sessions you have the possibility to discuss and learn about current issues like Integrated Energy, Power-Purchase-Agreements or Floating Foundations. Our WINDFORCE Dinner next to the Weser river offers excellent networking opportunities. Excursions to Steelwind Nordenham and Siemens Gamesa are the icing on the cake of our conference. The EU Interreg Project Inn2POWER, supported by EEN, invites you to an innovative B2B matchmaking event in order to promote networking between SMEs. We look forward to meet you! Your WINDFORCE Team
